

# ENVIRONMENTAL POLICY

## OUR POLICY

Van Diemen Quarries recognise the potential impacts of our activities on the environment and commit to minimising the impacts of our operations, preventing pollution and environmental harm, and complying with all relevant legal and other environmental requirements.

Van Diemen Quarries is committed to the principles of sustainable development across all our operations. We aim to minimise our environmental footprint by implementing this Policy in partnership with our clients and in consultation with our contractors, employees, and other stakeholders.

Employees share responsibility for meeting the requirements of the Environmental Policy and must work in accordance with the standards applied and any directions given by Van Diemen Quarries Management. This includes identifying and reporting any environmental incidents or issues to Van Diemen Quarries Management at the first practicable opportunity. Van Diemen Quarries will provide information, instruction, training, and supervision necessary to ensure that employees and contractors are familiar with the environmental obligations arising from this Policy

## POLICY OBJECTIVES

- ◆ Comply with all applicable environmental Laws, Regulations, Code of Practice, Permits and Licences
- ◆ Improve employee awareness by communicating on environmental matters likely to affect their work
- ◆ Investigate environmental incidents, identify the root cause, and implement corrective actions
- ◆ Ensure our suppliers, contractors, subcontractors, and visitors operate in accordance with this Policy
- ◆ Review this Policy every three years and communicate any changes to employees and contractors
